

# HYDROPONIC FARMING

*Hydroponic Farming is one of the best ways to ensure a reliable, cost effective, energy and water saving method of growing crops all year round! Systems require less space than traditional farms and are generally pest free. Get into hydroponic farming with the purchase of your own system today through our special Ministry of Agriculture and Marine Resources Hydroponics program.*

**Be a part of our  
National Emergency Food Plan  
by adding a Hydroponics system  
to your farm.**

**LOW monthly payments of \$171.10  
Over 12 MONTHS.  
NO PAYMENTS due for 120 days.**

**Applications available at:**  
[www.bahamas.gov.bs/agriculture](http://www.bahamas.gov.bs/agriculture)  
[www.facebook.com/thebahamasministryofagricultureandmarineresources](https://www.facebook.com/thebahamasministryofagricultureandmarineresources)

**For submission of completed application, questions or concerns  
please email them to: [hydroponics@bahamas.gov.bs](mailto:hydroponics@bahamas.gov.bs)  
on or before the DEADLINE 6<sup>TH</sup> JULY, 2020.**

**Systems available to applicants who meet the minimum  
eligibility requirements.  
Systems available while supplies last.**
