THE MINISTRY OF THE ENVIRONMENT AND HOUSING

"FOREST RESTORATION: A PATH TO RECOVERY AND WELL-BEING"

About FAW

Forestry Awareness Week is a week of activities held to commemorate World Forestry Day/ International Day of Forests, which is celebrated annually on 21st March. The observance of this day is meant to celebrate and promote the significant benefits provided by trees. It is also intended to educate the public and build awareness on matters affecting forests. This year's theme is "Forests Restoration: A Path to Recovery and Well-Being".

FAW Events 2021

- Bahamas at Sunrise Appearance
- History of logging and Forestry in The Bahamas Documentary to be aired on ZNS
- Radio Appearances
- School Visits & Tree Planting
- Panel Discussion at The University of The Bahamas
